PROFILE

I recently completed my Bachelor's degree in Computer Applications and gained practical experience through a six-month internship in Software Testing and Quality Assurance. Following this, I joined a company as an IT Assistant, where I have been contributing to IT operations and supporting software development processes. Through these academic and professional experiences, I have developed a solid foundation in computer applications and IT systems. Driven by a growing interest in Artificial Intelligence and Data Science, I am eager to further develop my expertise and contribute to innovative projects in the technology sector.
